Specification :	
Product Name	Led floodlight with plug
Battery capacity	10w: 7.4V 2200mAh
Power	10W
Driver	battery box (The battery be run out of , need change new one)
Temperature	3000/4000/6500K
PF	0.9
Size	10w:242*215*25mm
Shelf life	3 years

FAQ:

1) What LEDs do you usually use for your LED products?

For high power LED luminaires we mainly use Cree and Edison LEDs, We use some as well. we also consider to use more multi-chip LED brands like Bridgelux and Sharp, as the multi-chip technology will be intensively used by manufacturers.

2)What's your lead time if i place the order?

Normally our lead time are 3-5days after payment confirm.But it's will take a little longer if our production task are heavy.

3)Can you do the OEM order?

Based on our previous experiences, We have many successfully experiences on the OEM job.

4)What's the warranty of your products?

3 and 5 years warranty for different kinds of products. During the period, if customers have the approval showing product quality issues and if it is certified by our engineers, we would request customers to ship back the failure parts and replace new items with the transportation charged being paid by us.
