### Small Len U Type LED TV Backlight

Size	Led qty/pcs	Material	Color Temperature	Light Color	Warranty	Length
32" In	6leds	FR4/PCB	15000-20000K	White	2years	585*17.6mm

The product uses an original lens. There are high quality 3030 LED beads, heat sinking aluminum substrates and fiberglass panels. The glue has a high viscosity, so that the lens does not fall off easily.

LED backlighting also enables color and chromaticity adjustment in different areas outside the CCFL for more accurate color reproduction, dynamically correcting brightness and contrast for better picture quality.
