

Excellent Heat Dissipation Aluminium LED Strip Lights with Precision-Mounted Brackets

Our Product Introduction

for more products please visit us on led-stripslights.com

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: YSENLED
- Certification: CE ROHS LVD EMS
- Model Number: YS-R120X2835RAF3
- Minimum Order Quantity: 100
- Price: Negotiable
- Packaging Details: 115*19*20cm
- Delivery Time: Within 48 hours
- Payment Terms: T/T
- Supply Ability: 100,000 meters per week

Product Specification

- Environmental Friendliness: In Line With Modern Green And Environmental Protection Concept
- Safety Certifications: CE, RoHS, Etc.
- Color Temperature: Supports A Variety Of Color Temperature Adjustments
- Radiation: No Ultraviolet And Infrared Radiation
- Energy Efficiency: Low Power Consumption And Long Life
- Heat Dissipation: Excellent Thermal Conductivity Of Aluminum Alloy
- Electrical Safety: Ensured By Multiple Safety Certifications
- Application: Home Decoration, Commercial Space, Office Environment, Retail Stores, Architectural Design
- Highlight: **Precision-Mounted Brackets LED Strip Lights,**

Product Description

Product Description:

Features:

Product Name: Aluminium LED Strip Lights

Mounting: Precision-designed mounting brackets and flanges

Color Temperature: Supports a variety of color temperature adjustments

Installation: Flexible embedded installation on ceilings, walls or furniture

Application: Home decoration, commercial space, office environment, retail stores, architectural design

Light Performance: Built-in high-brightness, high color rendering index LED lamp beads

Adhesive-backed light strips

Voltage(12V/24V)

LED light strip

Technical Parameters:

Product Name	Super Slim 7mm Recessed Aluminum LED Profile With Flange
Product Category	Aluminium LED Strip Lights
Application	Home decoration, commercial space, office environment, retail stores, architectural design
Installation	Flexible embedded installation on ceilings, walls or furniture
Heat Dissipation	Excellent thermal conductivity of aluminum alloy
Electrical Safety	Ensured by multiple safety certifications
Scene Lighting	Indirect lighting or ambient lighting for different scenes
Material	High-quality aluminum alloy
Light Performance	Built-in high-brightness, high color rendering index LED lamp beads
Environmental Friendliness	In line with modern green and environmental protection concept

These Aluminium LED Strip Lights are perfect for silicone light strips, providing energy saving and environmental protection. The aluminum profiles offer excellent heat dissipation, ensuring electrical safety with multiple certifications.

Applications:

The YS-R120X2835RA-F3 model features built-in high-brightness, high color rendering index LED lamp beads, ensuring excellent light performance and energy efficiency. With low power consumption and a long lifespan, these LED light strips are an excellent choice for homeowners and businesses looking to save on energy costs and reduce their carbon footprint.

Thanks to multiple safety certifications, including CE, ROHS, LVD, and EMS, YSENLED Aluminium LED Strip Lights provide electrical safety and peace of mind for users. The LED strips operate on either 12V or 24V voltage, offering flexibility and convenience for different installation scenarios.

These LED light strips are manufactured in Shenzhen, China, and have a minimum order quantity of 100. Payment terms are T/T, and the supply ability is 100,000 meters per week, ensuring fast delivery times of within 48 hours. The packaging details are 115*19*20cm, and the price is negotiable, making YSENLED Aluminium LED Strip Lights an affordable option for any budget.

With a thickness of only 7mm, these LED light strips can be easily installed in tight spaces, making them ideal for use in cabinets, display cases, and other locations where traditional lighting fixtures may not fit. Whether you're looking to add accent lighting to your home or create a striking visual display in a retail setting, YSENLED Aluminium LED Strip Lights offer a versatile and effective lighting solution.

Support and Services:

Our Aluminium LED Strip Lights are designed to be easy to install and use. However, if you encounter any technical issues or have questions about the product, our technical support team is available to assist you. Our technical support team can provide guidance on installation, troubleshooting, and maintenance of the Aluminium LED Strip Lights.

In addition to technical support, we also offer a range of services to ensure that you get the most out of your Aluminium LED Strip Lights. Our services include:

Custom design and fabrication of LED strip lights

On-site installation and setup

Training and support for users

Maintenance and repair services

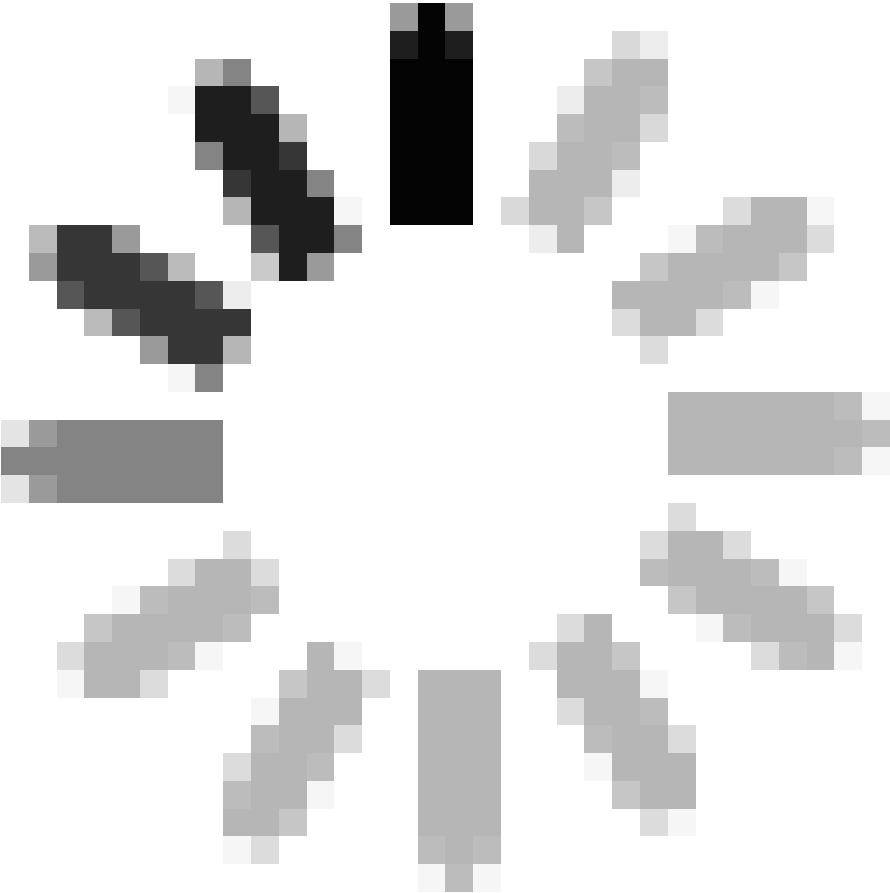

Our goal is to provide you with a high-quality product and exceptional customer service. If you have any questions or need assistance, please do not hesitate to contact us.

Packing and Shipping:

Product Packaging:
1 x Aluminium LED Strip Light
1 x Power Adapter
1 x Remote Control
1 x User Manual
Shipping:
Ships within 1-2 business days
Free shipping within the US
International shipping available
Shipping times may vary based on location

FAQ:

Q: What is the brand name of the Aluminium LED Strip Lights?
A: The brand name of the Aluminium LED Strip Lights is YSENLED.
Q: What is the model number of the Aluminium LED Strip Lights?
A: The model number of the Aluminium LED Strip Lights is YS-R120X2835RA-F3.
Q: What certifications does the Aluminium LED Strip Lights have?
A: The Aluminium LED Strip Lights are certified by CE, ROHS, LVD, and EMS.
Q: Where are the Aluminium LED Strip Lights made?
A: The Aluminium LED Strip Lights are made in Shenzhen, China.
Q: What is the minimum order quantity for the Aluminium LED Strip Lights?
A: The minimum order quantity for the Aluminium LED Strip Lights is 100.
Q: What are the payment terms for purchasing the Aluminium LED Strip Lights?
A: The payment terms for purchasing the Aluminium LED Strip Lights are T/T.
Q: What is the supply ability of the Aluminium LED Strip Lights?
A: The Aluminium LED Strip Lights have a supply ability of 100,000 meters per week.
Q: What is the delivery time for the Aluminium LED Strip Lights?
A: The Aluminium LED Strip Lights have a delivery time of within 48 hours.
Q: What are the packaging details for the Aluminium LED Strip Lights?
A: The packaging details for the Aluminium LED Strip Lights are 115*19*20cm.
Q: Is the price for the Aluminium LED Strip Lights negotiable?
A: Yes, the price for the Aluminium LED Strip Lights is negotiable.
