2800-7500k Wavelength Aluminum LED Ribbon Lights with Long-lasting Lifespan

Our Product Introduction

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: YSENLED
- Certification: CE ROHS LVD EMS
- Model Number: YS-R120X2835RAF3
- Minimum Order Quantity: 100
- Price: Negotiable
- Packaging Details: 115*19*20cm
- Delivery Time: Within 48 hours
- Payment Terms: T/T
- Supply Ability: 100,000 meters per week

Product Specification

- Material And Structure: The Substrate Of The Light Strip Is Mostly Made Of FPC (flexible Circuit Board)
- Lumen: 10*5000 Mm/roll
- Product Name: Intelligent Aluminium LED Strip Lights With Dynamic Effect Programming
- Customized Services: Provide Engineering Customization Services
- Dimension (mm/roll): 8*5000 Mm/roll
- Color: Red/Yellow/Blue/Green/White/Warm White
- Lifespan: Up To More Than 50,000 Hours
- Density: 30LEDs/m, 48LEDs/m, And 60LEDs/m
- Highlight: **2800-7500k LED Ribbon Lights**, **Long-lasting Lifespan LED Ribbon Lights**, **Aluminum LED Ribbon Lights**

Product Description:

The Aluminum LED Adhesive Light Strips can be controlled in various ways, including brightness adjustment, color transformation, and dynamic effect programming. This makes them ideal for creating different moods and atmospheres in any space. The wavelength/CCT of the lights is 2800-7500k, providing a range of warm to cool tones to suit any environment.

These lights are widely used in homes, commercial places, advertising signs, vehicle lighting, holiday decorations, and other fields. Their versatility, energy efficiency, and customizable features make them a popular choice for a broad range of applications. The Aluminum LED Adhesive Light Strips are easy to install with their adhesive backing and can be cut to any length to fit your specific needs.

Features:

Product Name: Aluminium LED Strip Lights

LED Chip: 5050 specification LED chip

Application fields: Widely used in homes, commercial places, advertising signs, vehicle lighting, holiday decorations and other fields

Material and structure: The substrate of the light strip is mostly made of FPC (flexible circuit board)

Power: 72W/roll

Density:

30LEDs/m

48LEDs/m

60LEDs/m

Keywords: Aluminum LED Strip Lighting, Aluminum LED Adhesive Light Strips, Aluminium LED Tape Light Strips

Technical Parameters:

Product Name	Aluminum LED Light Strips
Waterproof Performance	Designed to be waterproof
Wavelength/ CCT	2800-7500k
Color	Red/Yellow/Blue/Green/White/Warm White
Customized Services	Provided engineering customization services
Application Fields	Widely used in homes, commercial places, advertising signs, vehicle lighting, holiday decorations and other fields
LED Qty/Roll	240pcs/roll
Lumen	10*5000 Mm/roll
LED Chip	5050 specification LED chip
Voltage	DC12V
Power	72W/roll

Applications:

The Aluminum LED Flexible Strip Lights can be used in a variety of settings. These lights are perfect for use in homes, shops, restaurants, bars, and other commercial spaces. They can be used to highlight a specific area or create a particular mood. These lights are perfect for use in home theaters, game rooms, and other entertainment areas. They can be used to create a dramatic lighting effect or to add a subtle touch of color.

The Aluminium LED Strip Tape is also perfect for use in retail settings. These lights can be used to highlight specific merchandise or to create a particular mood. They can be used to create a warm and inviting atmosphere or to create a cool and modern feel. These lights are perfect for use in clothing stores, jewelry stores, and other retail settings.

The Aluminum LED Tape Strips are also perfect for use in outdoor settings. Many products have waterproof designs, making them perfect for use in outdoor spaces. They can be used to create a dramatic lighting effect or to highlight specific features such as a pool or garden area. These lights are perfect for use in outdoor restaurants, bars, and other commercial spaces.

YSENLED's Aluminum LED Flexible Strip Lights are certified with CE ROHS LVD EMS and are manufactured in Shenzhen China. The minimum order quantity is 100 and the payment terms are T/T. The supply ability is 100,000 meters per week and delivery time is within 48 hours. The packaging details are 115*19*20cm and the price is negotiable.

Support and Services:

In addition to technical support, we also offer a variety of services to help you get the most out of your Aluminium LED Strip Lights. These

include installation services, custom design and fabrication, and ongoing maintenance and support. Our team of experts can work with you to create a tailored lighting solution that meets your unique needs and preferences.

Whether you need help with troubleshooting, installation, or ongoing maintenance, our team is here to help. Contact us today to learn more about our technical support and services for Aluminium LED Strip Lights.

Packing and Shipping:

Product Packaging:

1 x Aluminium LED Strip Lights

1 x Power Adapter

1 x Remote Control

Shipping:

Ships within 2 business days

Free standard shipping within the US

International shipping available with additional fees

FAQ:

Q: What is the brand name of the Aluminium LED Strip Lights?

A: The brand name of the Aluminium LED Strip Lights is YSENLED.

Q: What is the model number of the Aluminium LED Strip Lights?

A: The model number of the Aluminium LED Strip Lights is YS-R120X2835RA-F3.

Q: What certifications do the Aluminium LED Strip Lights have?

A: The Aluminium LED Strip Lights have CE ROHS LVD EMS certifications.

Q: What is the minimum order quantity for the Aluminium LED Strip Lights?

A: The minimum order quantity for the Aluminium LED Strip Lights is 100.

Q: What are the payment terms for the Aluminium LED Strip Lights?

A: The payment terms for the Aluminium LED Strip Lights are T/T.

Q: What is the supply ability of the Aluminium LED Strip Lights?

A: The supply ability of the Aluminium LED Strip Lights is 100,000 meters per week.

Q: What is the delivery time for the Aluminium LED Strip Lights?

A: The delivery time for the Aluminium LED Strip Lights is within 48 hours.

Q: What are the packaging details for the Aluminium LED Strip Lights?

A: The packaging details for the Aluminium LED Strip Lights are 115*19*20cm.

Q: Is the price of the Aluminium LED Strip Lights negotiable?

A: Yes, the price of the Aluminium LED Strip Lights is negotiable.
