2800-7500k Wavelength Aluminium LED Strip Lights With 240pcs/roll LED Qty/Roll

Our Product Introduction

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: YSENLED
- Certification: CE ROHS LVD EMS
- Model Number: YS-R120X2835RAF3
- Minimum Order Quantity: 100
- Price: Negotiable
- Packaging Details: 115*19*20cm
- Delivery Time: Within 48 hours
- Payment Terms: T/T
- Supply Ability: 100,000 meters per week

Product Specification

- Density: 30LEDs/m, 48LEDs/m, And 60LEDs/m
- Wavelength/ CCT: 2800-7500k
- Product Category: Aluminium LED Strip Lights
- Lifespan: Up To More Than 50,000 Hours
- Dimension (mm/roll): 8*5000 Mm/roll
- Material And Structure: The Substrate Of The Light Strip Is Mostly Made Of FPC (flexible Circuit Board)
- Voltage: DC12V
- Product Name: Intelligent Aluminium LED Strip Lights With Dynamic Effect Programming
- Highlight: **2800-7500k LED Strip Lights**, **Aluminium LED Strip Lights**, **240pcs/roll LED Strip Lights**

Product Description

Product Description:

One of the key features of these lights is their waterproof performance. Many products in the range have waterproof designs, making them ideal for use in outdoor settings or areas with high moisture levels.
The Aluminum LED Strip Lighting is available in three different densities: 30LEDs/m, 48LEDs/m, and 60LEDs/m. This allows you to choose the right lighting density for your specific needs.
These lights come in a dimension of 8*5000 Mm/roll, which makes them easy to install and use. The length of the roll also gives you the flexibility to customize your lighting setup to your desired length.
The Aluminum LED Ribbon Lights are available in a wide range of colors, including red, yellow, blue, green, white, and warm white. This allows you to choose the perfect color to match your design aesthetic and create the desired mood or atmosphere.
Overall, the Aluminium LED Strip Tape is a durable, energy-efficient, and versatile lighting solution that can be used in a wide range of settings. Whether you're looking to add some extra illumination to your home or business, these lights are an excellent choice.

Features:

Product Name: Aluminium LED Strip Lights

Power: 72W/roll

Application fields: Widely used in homes, commercial places, advertising signs, vehicle lighting, holiday decorations and other fields

LED Qty/Roll: 240pcs/roll

Waterproof performance: Many products have waterproof designs

Product Category: Aluminium LED Strip Lights

Also known as: Aluminum LED Ribbon Tape Lights, Aluminum LED Tape Strips, Aluminum LED Strip Lighting

Technical Parameters:

Parameter	Value
LED Chip	5050 specification LED chip
Customized services	Provide engineering customization services
Density	30LEDs/m, 48LEDs/m, and 60LEDs/m
LED Qty/Roll	240pcs/roll
Power supply voltage	Supports DC12V and DC24V versions
Lifespan	Up to more than 50,000 hours
Power	72W/roll
Lumen	10*5000 Mm/roll
Color	Red/Yellow/Blue/Green/White/Warm White
Wavelength/ CCT	2800-7500k

Applications:

The YS-R120X2835RA-F3 model number is known for its ability to support both DC12V and DC24V versions, making it an ideal lighting solution for both residential and commercial settings. These lights come equipped with 240pcs/roll of 5050 specification LED chips, which emit a range of colors including red, yellow, blue, green, white, and warm white.
The flexibility of the YSENLED Aluminium LED Strip Lights makes them an excellent choice for a variety of applications. They can be easily installed in coves, under cabinets, and behind furniture, making them perfect for adding ambient lighting to any space. They can also be used to highlight architectural features such as arches or columns, adding a touch of elegance and sophistication to any setting.
In addition to their aesthetic appeal, these lights can also be used for practical purposes. They are ideal for task lighting in kitchens, offices, and workshops, providing bright and even illumination that makes it easy to see what you're working on. They can also be used to illuminate signs and displays, making them a great choice for retail spaces and exhibitions.
The YSENLED Aluminium LED Strip Lights are available for purchase in minimum quantities of 100, with payment terms of T/T. With a supply ability of 100,000 meters per week, these lights can be delivered within 48 hours of purchase. They come packaged in a compact 115*19*20cm box, and their price is negotiable.
YSENLED also offers engineering customization services, allowing you to tailor these lights to your specific needs. Whether you need a specific color or length, their team of experts can help you create the perfect lighting solution for your space.
