

DC12V LED Strip Lights 12W/roll The Perfect Lighting Solution

Our Product Introduction

for more products please visit us on led-stripslights.com

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: YSENLED
- Certification: CE ROHS LVD EMS
- Model Number: YS-BAPL001
- Minimum Order Quantity: 100
- Price: Negotiable
- Packaging Details: 115*19*20cm
- Delivery Time: Within 48 hours
- Payment Terms: T/T
- Supply Ability: 100,000 meters per week

Product Specification

- Voltage: DC12V
- LED Qty/Roll: 150pcs/roll
- Wavelength/ CCT: 2800-7500k
- Light Source And Brightness: Using High-brightness SMD3528 LED Chips, The Number Of LEDs Per Meter Of Light Strip Can Range From 30 To 96 Lights, Or Even More, Which Directly Affects The Brightness And Uniformity Of The Light Strip. Ideal For Situations Requiring Soft Or Medium-intens
- Product Name: The Versatile And Durable Aluminium LED Strip Lights For All Your Lighting Needs
- CRI: 85
- Application Fields: Widely Used In Home Decoration, Commercial Displays, Hotels, Restaurants,

Product Description

Product Description:

Our LED strip lights are available in a range of colors, including warm white, true white, red, yellow, blue, green, and more, making it easy to achieve the perfect ambience for any space. With variable color temperature (CCT) and RGB versions, you can easily change the color and brightness with an external controller to suit your needs.

Our LED strip lights have a power rating of 12W/roll, and use high-brightness SMD3528 LED chips to provide soft or medium-intensity lighting. The number of LEDs per meter of light strip can range from 30 to 96 lights, or even more, which directly affects the brightness and uniformity of the light strip.

Our LED strip lights are perfect for a range of applications, from adding ambient lighting to a bedroom or living space to creating an eye-catching display in a retail store. With our flexible led strip and good quality led strip lights, you can achieve the perfect look for any space.

Features:

Product Name: Aluminium LED Strip Lights

LED Qty/Roll: 150pcs/roll

Flexibility and installation: The light strip is designed with a flexible circuit board, which can be easily bent and cut to the required length to adapt to various shapes of mounting surfaces. The back is often equipped with strong 3M double-sided tape for quick fixing and seamless hidden installation.

Power: 12W/roll

Product Category: Aluminium LED Strip Lights

Application fields: Widely used in home decoration, commercial displays, hotels, restaurants, car interiors, billboard backlights, festival decorations, etc., almost anywhere where efficient, energy-saving, and beautiful lighting is required.

Keywords: led strip lights for tv, high quality led strip lights, led strip lighting kit

Technical Parameters:

Product Category:	Aluminium LED Strip Lights
Product Name:	The Versatile And Durable Aluminium LED Strip Lights For All Your Lighting Needs
Voltage:	DC12V
Wavelength / CCT:	2800-7500k
Color:	Red/Yellow/Blue/Green/White/Warm White
Lumen:	50-55LM/
Dimension (mm/roll):	8*5000 Mm/roll
LED Qty/Roll:	150pcs/roll
Durability:	The average service life is more than 50,000 hours, which means that once installed, it does not need to be replaced for a long time, reducing maintenance costs. In addition, the light strip is encapsulated with high-quality silicone material, which makes the light strip have good waterproof, dustproof, anti-aging and high-temperature resistance.

Application fields:	Widely used in home decoration, commercial displays, hotels, restaurants, car interiors, billboard backlights, festival decorations, etc., almost anywhere where efficient, energy-saving, and beautiful lighting is required.
----------------------------	--

These good quality LED strip lights are perfect for any setting. They can be used as aluminium LED strip lights for TV backlighting or for general lighting purposes. They are durable and have a long service life, making them a great investment for any space.

Applications:

With CE ROHS LVD EMS certification and a minimum order quantity of 100, these LED lights strip lights are made to the highest standards and are built to last. They are manufactured in Shenzhen, China, with a supply ability of 100,000 meters per week and a delivery time of within 48 hours, so you can be sure you're getting a reliable and efficient product.

Whether you're looking to light up your home, office, or any other space, these LED lights strip lights are the perfect solution. They come in a variety of colors, including red, yellow, blue, green, white, and warm white, so you can choose the one that best suits your needs and preferences.

These LED lights strip lights are also available in two different voltages and power supplies: 12V DC and 220V AC. The 12V version is perfect for interior decoration with higher safety requirements, such as cabinet lighting or TV background walls, while the 220V version is suitable for direct connection to the mains without a transformer. This makes them ideal for a wide range of applications, from home lighting to commercial lighting and beyond.

With a dimension of 8*5000mm/roll and a packaging size of 115*19*20cm, these LED lights strip lights are easy to install and use. Simply cut them to the length you need and connect them to the power source, and you're ready to go!

So if you're looking for a versatile and durable lighting solution that can be used for a wide range of applications, look no further than YSENLed's Aluminium LED Strip Lights. With high quality LED strip lights, a reliable supply chain, and flexible pricing options, you're sure to find the perfect lighting solution for your needs.
