Product Description

Product Description:

In addition to the high quality LED strip lights themselves, we also offer a range of LED strip light accessories to make installation and customization a breeze. Our selection of LED strip light accessories includes fixing clips, covers, end caps, and more. With these accessories, you can easily install your LED strip lights and customize them to fit your specific needs.

Our Aluminium LED Strip Lights are available with two different diffuser options: PMMA clear diffuser and PMMA semi-clear matte diffuser. The clear diffuser option provides a more direct and intense light, while the semi-clear matte diffuser option provides a softer, more diffused light. Whichever option you choose, you can be sure that your LED strip lights will provide a bright and even light source. The profile shape of our Aluminium LED Strip Lights is a strip light, making them ideal for use in a variety of applications. Whether you need lighting for a home, office, or commercial space, our LED strip lights are a versatile and effective option.

At our company, we are committed to providing our customers with the best possible products and service. That's why we offer a wide range of LED strip lights and accessories, as well as fast and convenient shipping options. So if you're looking for high quality LED strip lights near me, look no further than our Aluminium LED Strip Lights!

Applications:

These LED strip lights are perfect for use in both residential and commercial settings. They can be used to create mood lighting in homes, hotels, restaurants, and cafes. The opal matte diffuser made of PMMA material and PMMA Clear Diffuser, which are included as installation accessories, can help diffuse the light and create a soft, even glow.

For businesses, these LED strip lights can be used for advertising, accent lighting, and creating a welcoming atmosphere. They are particularly suitable for use in retail stores, exhibition halls, and museums, where they can be used to highlight products or exhibits.

YSENLED Aluminium LED Strip Lights are also a great choice for outdoor lighting. They are waterproof and can withstand harsh weather conditions, making them ideal for use in gardens, patios, and balconies. They can also be used for landscape lighting, illuminating pathways, and creating a festive atmosphere during outdoor events.

These LED strip lights are quick and easy to install, and come with fixing clips, covers, end caps, etc. They can be cut to length to fit any space, and can be linked together for longer runs. This makes them an ideal choice for DIY enthusiasts who want to create their own custom lighting solutions.

With a minimum order quantity of 100 and payment terms of T/T, YSENLED Aluminium LED Strip Lights are affordable and easily accessible. They have a supply ability of 100,000 meters per week and can be delivered within 48 hours. The packaging details are

115*19*20cm and the price is negotiable.

If you're looking to buy LED strip lights, YSENLED Aluminium LED Strip Lights are an excellent choice. They are a complete LED strip lighting kit that includes everything you need to get started. They are suitable for a variety of occasions and scenarios, and can be used both indoors and outdoors. So whether you're looking to create mood lighting in your home or business, or want to add some festive flair to your outdoor space, YSENLED Aluminium LED Strip Lights are the perfect solution.

Support and Services:

Our Aluminium LED Strip Lights are designed to provide high-quality lighting solutions for a variety of indoor and outdoor applications. We offer a range of technical support and services to ensure that our customers get the most out of their LED strip lights.
