

Surface Mounted Wall Washer Lamp Inner Corner Line Lamp Top Corner Aluminum Trough

Our Product Introduction

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: YSENLED
- Certification: CE ROHS LVD EMS
- Model Number: YS-BAPL044A
- Price: Negotiable
- Delivery Time: Within 48 hours
- Payment Terms: T/T
- Supply Ability: 100,000 meters per week

Product Specification

- Description: Aluminum LED Profile Without Any Cover,for Inserting 8mm Tempered Glass
- Highlight: **Surface Mounted Wall Washer Lamp, Aluminum Trough Wall Washer Lamp**

Product Description

The product introduction of Huaxu lamp luminous plaster line light strip, ceiling-free reflective light trough, surface-mounted wall washer light, internal corner line light strip (20 cm aluminum trough) is as follows:

1. Product Overview

Huaxu lamp luminous plaster line light strip is a lighting product designed for indoor lighting. It adopts a ceiling-free design and is matched with a 20 cm aluminum trough. It is suitable for decoration and lighting of internal corners such as wall corners. The product integrates reflective light trough, surface-mounted wall washer and internal corner line light to provide soft and uniform lighting effects for indoor spaces.

2. Product Features

Ceiling-free design: no ceiling is required, easy to install, space-saving, suitable for various indoor environments.

Reflective light trough: through the principle of reflection, the light is softer and more uniform, avoiding glare and creating a comfortable lighting environment.

Surface-mounted wall washer: can be directly installed on the wall and used as a wall washer to highlight the texture of the wall and create a three-dimensional sense of space.

Internal corner line light: suitable for installation in internal corners such as wall corners to enhance the sense of spatial hierarchy and enhance the overall decorative effect.

3. Specifications

Size: The length of the aluminum groove is 20 cm (the length of the light strip can be customized according to needs).

Voltage: Supports 220 volts and 24 volts (specific models may vary).

Power: The specific power varies depending on the model, but it is generally designed to be energy-saving and efficient.

Luminous flux: About 1000lm (the specific value may vary depending on the model and actual use conditions).

Dustproof level: IP0X (not dustproof, but usually installed indoors and not affected by dust).

4. Material and process

Lamp body material: aluminum alloy, sturdy and durable, good heat dissipation performance.

Lamp beads: LED lamp beads are used, which are energy-saving and environmentally friendly and have a long life.

5. Application scenarios

Suitable for lighting and decoration of indoor spaces such as living rooms, bedrooms, and study rooms. It can be used as wall washers, linear lights, etc. to create a comfortable and warm home atmosphere.

6. Installation and maintenance

Installation: Easy to install, can be directly fixed on the wall or ceiling.

Maintenance: Easy maintenance, just wipe with a dry cloth when cleaning. If necessary, contact professionals for inspection and maintenance.

The above is a detailed introduction to the Huaxu lamp luminous plaster line light strip, ceiling-free reflective light

trough, surface-mounted wall washer light, internal corner line light, top corner line light strip (20 cm aluminum trough). For more information, please refer to the product manual or contact the Huaxu lamp flagship store customer service.
