## Product Description

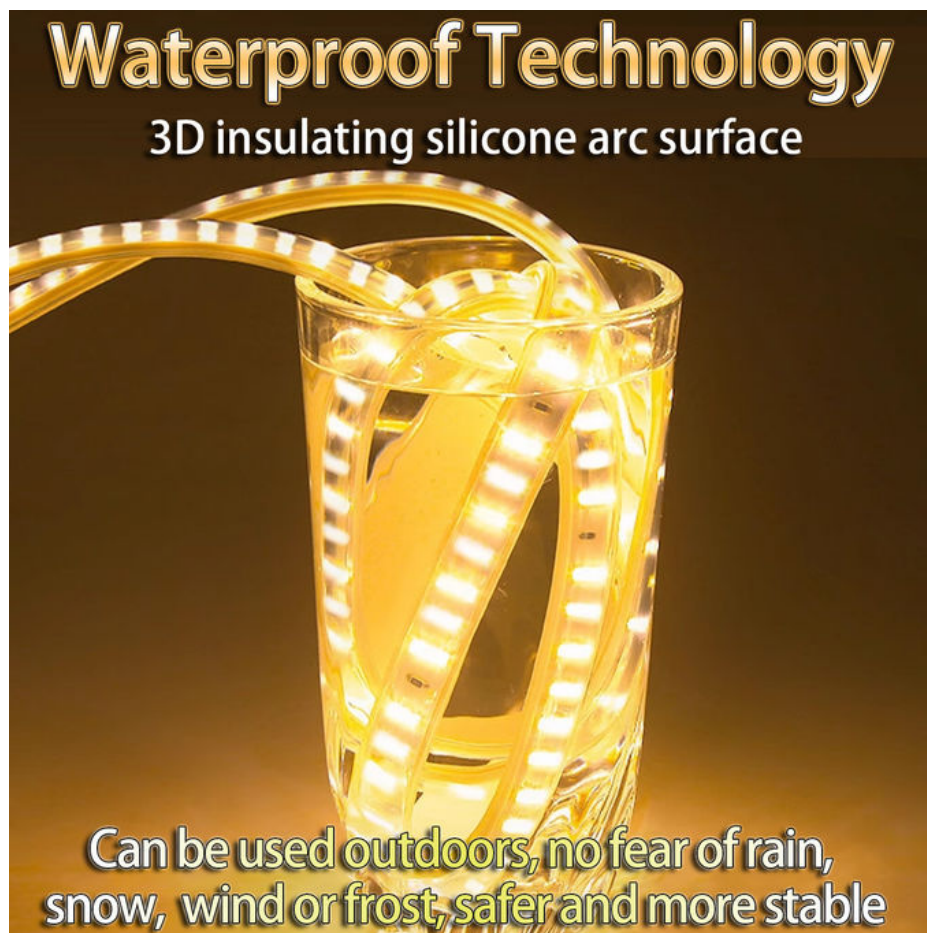

The detailed introduction of the new super bright LED light strip for home living room ceiling atmosphere self-adhesive light strip for outdoor stall waterproof products can be elaborated from the following aspects:

### 1. Product Overview

Product Name: New Super Bright LED Light Strip

Use: Home Living Room Ceiling Atmosphere Decoration, Outdoor Stall Lighting, Waterproof Application

Features: Self-adhesive design, super bright LED light source, strong waterproof performance, easy to install

### 2. Product Features

**Light Source Type:** High-quality LED chips are used, which have the characteristics of high efficiency, long life and low energy consumption.

**Brightness and Color:** Provide a variety of color temperature options (such as warm light 3000K, neutral light 4000K, white light 6000K) to meet the lighting needs in different scenes. A large number of LED lamp beads ensure bright and uniform light.

**Waterproof Performance:** Using advanced materials such as waterproof silicone, with IP65 and above waterproof level, suitable for outdoor humid environments, such as stalls, terraces, gardens, etc.

**Self-adhesive design:** With strong adhesive on the back, it can be directly pasted on a clean and flat surface without the need for additional fixing tools, and the installation is convenient and quick.

**Flexibility and cuttability:** The length of the light strip can be cut according to needs to adapt to ceilings or decorative areas of different lengths while maintaining circuit integrity.

**Durability:** The shell material is sturdy, impact-resistant, and corrosion-resistant, suitable for long-term use.

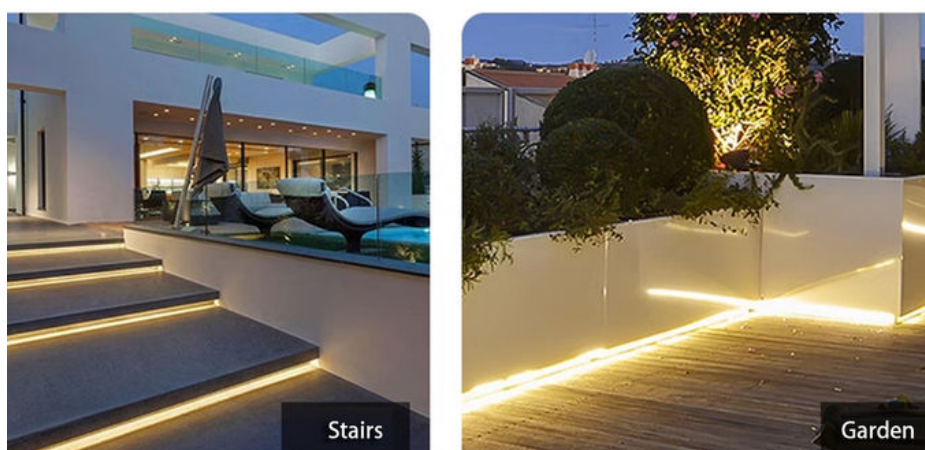

### 3. Application scenarios

**Home living room ceiling:** Create a warm and comfortable lighting atmosphere for the living room and improve the quality of home.

**Outdoor stalls:** As a lighting tool for outdoor activities such as night markets, barbecues, and camping, it increases the attractiveness of stalls.

**Courtyard decoration:** Add color to outdoor spaces such as gardens and terraces to create a romantic or festive atmosphere.

**Festive atmosphere lighting:** Suitable for various festive occasions, such as Christmas and Spring Festival, to enhance the festive atmosphere.

#### **4. Product specifications and parameters**

(Note: The following parameters are examples, and the specific parameters may vary depending on different brands and models)

**Voltage:** 220V (some products may support low voltage such as 12V, 24V)

**Power:** 5-10W/m (inclusive)

**Length:** A variety of length options are available, such as 5 meters, 10 meters, 15 meters, etc.

**Color temperature:** 3000K, 4000K, 6000K, etc.

**Brightness:** Super bright (specific brightness indicators such as lumen values need to refer to product details)

**Waterproof level:** IP65 and above
