

COB LED Light Strip with Dual-Color Temperature Adjustment Tri-Color Stepless Dimming and 24V Low-Voltage Power Supply

Our Product Introduction

Basic Information

- Place of Origin: SHENZHEN CHINA
- Brand Name: YSENLED
- Certification: CE ROHS LVD EMS
- Model Number: YS-R120X2835RAF3
- Minimum Order Quantity: 10
- Price: Negotiable
- Packaging Details: 10*1000*20
- Delivery Time: 2DAYS
- Payment Terms: L/C,D/A,D/P,T/T,Western Union
- Supply Ability: 100,000 meters per week

Product Specification

- Highlight: Dual-Color Temperature Adjustment LED Light Strip , Tri-Color Stepless Dimming COB LED Strip , 24V Low-Voltage Power Supply Smart LED Strip

Product Description

Mijia COB Dual-Color Temperature Smart LED Strip

Advanced LED strip combining high technology and aesthetics with COB technology for dual-color temperature adjustment and tri-color stepless dimming. Perfect for creating warm, romantic, and comfortable lighting atmospheres in living rooms, bedrooms, dining rooms, and various indoor spaces.

Key Features

Dual-Color Temperature Adjustment

Switch freely between 3000K warm white and 6000K cool white light to match personal preferences and scene requirements.

Tri-Color Stepless Dimming

Red, green, and blue primary colors combine freely for various color gradients and flashing effects via remote control or mobile app.

24V Low-Voltage Power Supply

Enhanced safety and reliability with reduced energy consumption and extended product lifespan.

Smart Control Integration

Mi Home app control with remote operation, timed on/off functions, and integration with other smart devices.

Premium Construction

High-quality LED beads and FPCB materials with high brightness, low power consumption, waterproof, and dustproof capabilities.

Technical Specifications

Power Consumption	Approximately 14W/m (varies by model and length)
Dimensions	Width: 5mm, 8mm, or 10mm; Length: Customizable
Beam Angle	180° wide lighting range
Color Rendering Index (CRI)	≥90 for accurate color reproduction
Lifespan	Up to 50,000 hours
Power Supply	24V Low-Voltage

Application Scenarios

Ideal for home decoration, commercial displays, and entertainment venues. Use as background or ambient lighting in living rooms, bedrooms, and dining rooms; for illuminating display cases and shelves in commercial settings; and for decorative lighting in stages, KTVs, and similar entertainment spaces.

Installation & Maintenance

Installation

Easy installation with self-adhesive or clip-on options. Simply fix the light strip in desired position and connect to power supply.

Maintenance

Avoid prolonged exposure to high temperature and high humidity environments. Regularly clean the surface to remove dust and maintain optimal lighting performance and lifespan.

This COB dual-color temperature smart Mijia LED strip offers powerful performance, excellent features, and easy installation, providing high-quality lighting solutions for both residential and commercial applications.
