

24V Low Voltage Waterproof Flicker-Free LED Light Strip for Indoor Living Room Ceiling Lighting

Our Product Introduction

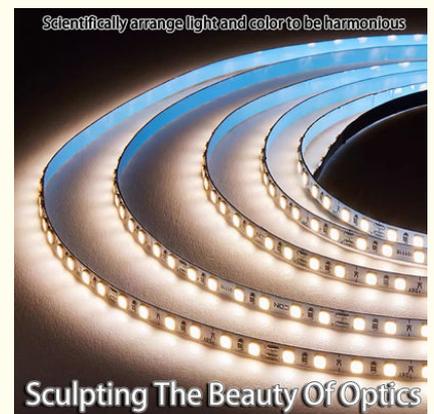

Basic Information

- Place of Origin: SHENZHEN CHINA
- Brand Name: YSENLED
- Certification: CE ROHS LVD EMS
- Model Number: YSR60X5630RA-F3
- Minimum Order Quantity: 10
- Price: Negotiable
- Packaging Details: 10*1000*20
- Delivery Time: 2DAYS
- Payment Terms: L/C,D/A,D/P,T/T,Western Union
- Supply Ability: 100,000 meters per week

Product Specification

- Highlight: **24V Low Voltage LED Light Strip, Waterproof LED Strip Light, Flicker-Free LED Linear Light**

Product Description

24V SMD Waterproof LED Low-Voltage Strip Light

This 24V SMD waterproof LED low-voltage strip light is specifically designed for living room ceilings, providing flicker-free indoor lighting. As a modern home lighting solution, it offers numerous advantages for creating warm and comfortable atmospheres in various indoor spaces.

Product Overview

Type: LED low-voltage strip light powered by 24V DC voltage for safe operation

Material: SMD design with high-quality LED chips and waterproof materials for stable performance in humid environments

Applications: Ideal for decorative lighting in living room ceilings, recessed areas, cabinets, and other indoor spaces

Key Features

Flicker-Free Technology: Constant current drive technology eliminates flicker, protecting eyesight and reducing eye fatigue

Waterproof Design: IP-rated waterproof construction (e.g., IP65) suitable for humid or splash-prone environments

Uniform Light Output: Short spacing between LED beads ensures smooth, even illumination without grainy effects

High Color Rendering: Excellent color reproduction with high CRI values for enhanced visual aesthetics

Easy Installation: Adhesive backing allows direct application to ceilings and flat surfaces

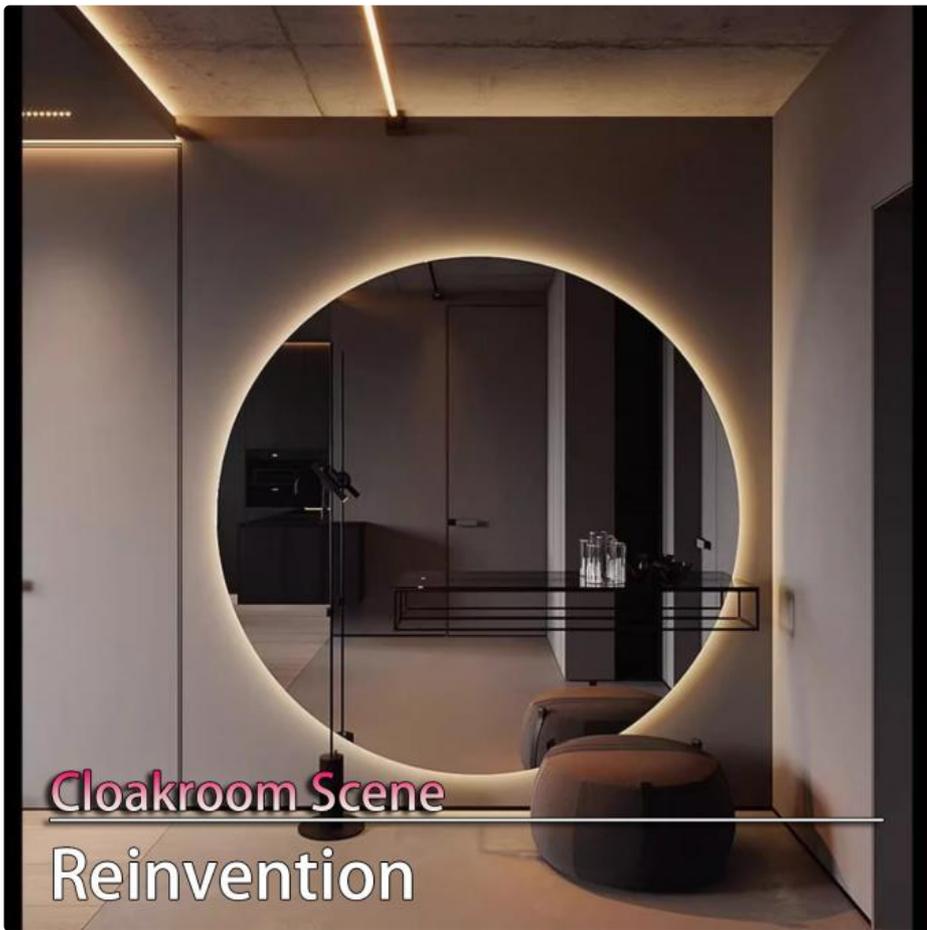

Flexible Cutting: Supports short-distance customization to fit specific installation spaces

Office Scene Display

Technical Specifications

Parameter	Specification
Voltage	24V DC
Power Consumption	Approximately 6W per meter
Color Temperature	3000K (warm white), 4000K (natural white), 6500K (cool white)
Waterproof Rating	IP65
Length Options	Starting from 1 meter with customizable lengths
Cutting Intervals	Multiple cutting points available (typically every 3 LEDs)
Luminous Flux	High output depending on power and LED density
Color Rendering Index	Ra \geq 80 (some models up to Ra90)

Recommended Brand

YSENLed offers high-quality indoor LED low-voltage self-adhesive 24V SMD light strip products through their official flagship store, featuring excellent ratings and positive user reviews.

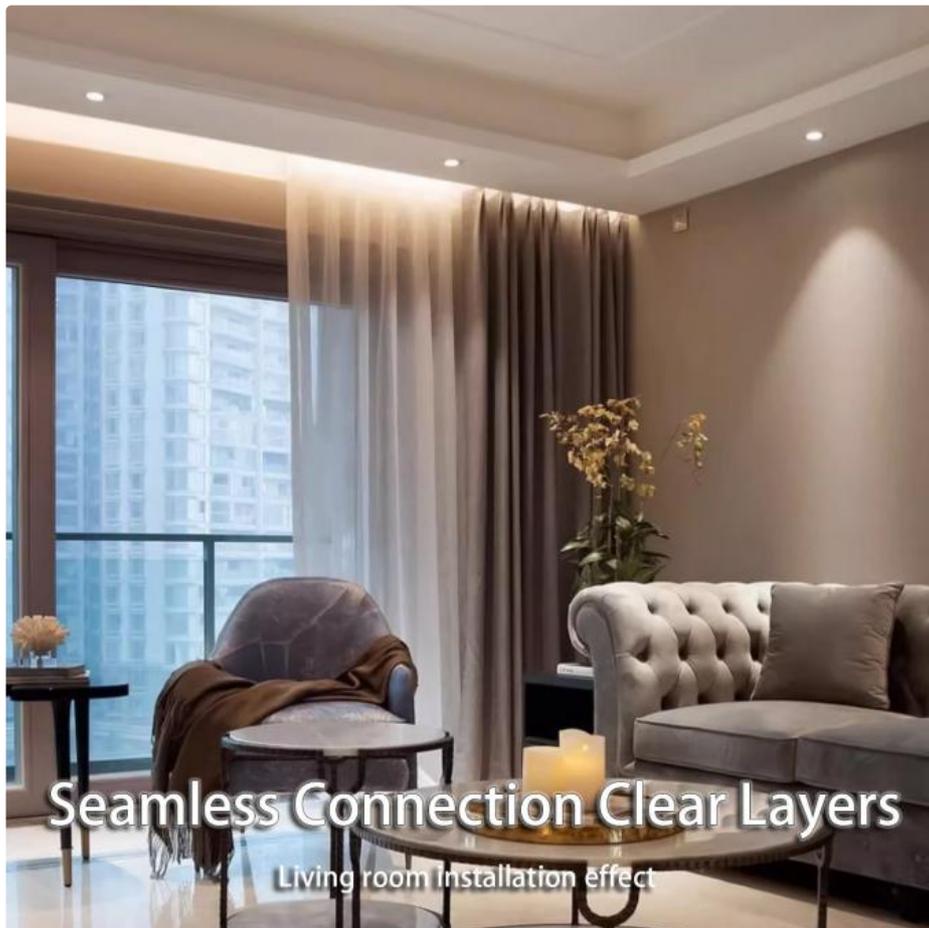

Purchase Guidance

Choose Reputable Brands: Select products from established manufacturers to ensure quality and reliable after-sales service

Select Appropriate Color Temperature: Choose color temperature based on space size and lighting requirements for optimal comfort

Consider Waterproof Needs: For damp environments or areas exposed to water splashes, select higher waterproof ratings

Review Customer Feedback: Check user reviews and experiences before purchasing to make informed decisions

Seamless Connection Clear Layers

Living room Installation effect

This LED low-voltage 24V SMD waterproof ceiling-mounted flicker-free indoor light strip offers numerous advantages, making it an ideal choice for modern home lighting. Select according to your specific needs and installation requirements.
