Product Description

LED Light Strip Colorful Color Change Living Room Ceiling Home Smart Atmosphere Light

This multi-color changing LED strip light offers versatile lighting solutions for residential and commercial spaces. Featuring smart remote control, waterproof design, and RGB color capabilities, it creates dynamic ambient lighting for various environments.

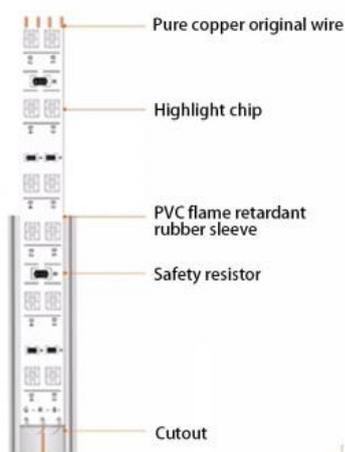

Key Features

- Multi-Color Changing: Supports red, green, blue, purple, yellow and mixed colors for vibrant visual effects
- Smart Remote Control: Easy control of on/off, brightness adjustment, and color changes
- Three-Color Home Use: Includes warm white, white, and neutral light modes for daily lighting
- Ambient Creation: Enhances artistic feel and layering in living rooms, bedrooms, and other spaces
- Waterproof Neon Lights: IP65 waterproof rating suitable for damp environments and outdoor use
- RGB Technology: Combines red, green, and blue primary colors for virtually unlimited color variations

Home Decoration Scene

Life should be colorful

Technical Specifications

Parameter	Specification
Model	Smart RGB LED Strip
Light Source Type	LED
Waterproof Rating	IP65 or higher
Color Options	Color changing + three basic colors (warm white, white, neutral)
Control Method	Smart remote control, APP control (some models)
Applicable Scenarios	Living room ceiling, bedroom, commercial spaces
Length Specifications	Customizable (1m, 2m, 5m, 10m common)
Operating Voltage	Low voltage (5V, 12V) or high voltage (220V)
Material	Flexible material, easy to bend and install

Usage Guidelines

Always turn off power before installation to prevent electric shock
Follow product instructions for proper installation and use
Avoid looking directly at light source for extended periods to prevent eye damage
Keep LED strip surface clean to maintain optimal lighting performance
Despite high waterproof rating, avoid prolonged water immersion to extend product lifespan
